

WHEN SHOULD YOU ADD A RECLAIMER TO YOUR OPERATION?

Use the questions below to help determine whether it's the right time to add a Vermeer reclaimer to your fleet.

FACTORS TO CONSIDER

How much do I spend on water and drilling fluid additives?

What ground conditions will I be drilling in?

How can I help extend the life of my drill pipe, down hole tooling and water swivel — and reduce the number of times I rebuild my mud pump?

What are my drilling fluid disposal costs?

What are my labor costs and how much time do I spend transporting fluids?

JOBSITE WITHOUT A RECLAIMER

Potential time **LOST** in labor and transport

Fluid could be **LOST/DISPOSED** multiple times

Labor, fluid and disposal fees may **INCREASE**

JOBSITE WITH A RECLAIMER

Potential time **SAVED** in labor and transport

Fluid can be **REUSED** multiple times on the jobsite

Labor, fluid and disposal fees may **DECREASE**
